### CANADIANS ARE INSISTENT.

Want St. John River Navigation Question Considered.

Washington, May 25.—The Canadian members of the international deep waterway commission are insistent that the St. John River navigation question be considered by the joint commission. They are under written instructions from their government to treat this subject in connection with the larger problems of lake navigation and submergence of riparian lands through the construction of dams. When Charles O'Brien brought this matter to the attention of Secretary Taft Tuesday, the latter telegraphed Senator Hale for his advice. The senator's reply was that the St. John River question should not be included in the commission's work, but should be allowed to await the creation of a special commission at the next session of congress. In addition to this negative view from the senior Maine senator, Attorney General Moody has rendered an opinion to the effect that the terms of that section of the river and harbor act of 1902, under which the deep waterway commission was created, did not appear to include the St. John River project.

### MEDALS FOR HEROES.

Carnegie Hero Fund Commission Makes Several Awards.

Pittsburg, May 25.—At the May meeting of the Carnegie hero fund commission held here in the afternoon the initial awards were made. Nine cases were acted favorably upon by the commission. Three silver medals and six bronze medals were awarded. Three widows, whose husbands lost their lives in the performance of acts of heroism, were cared for by the commission, and in one case a money grant was made to a heroine for educational purposes. The commission made a grant of \$10,000 for the relief of the dependents upon the victims of the Brockton, Mass., disaster. A total amount of \$12,000 was disbursed by the commission.

Lavinia Steele, aged twenty-seven, a library cataloger of Des Moines, Ia., was awarded a bronze medal for saving the life of George E. Hill, a law student at Iowa City, Ia., by skating to where Hill had broken through the ice, and dragging him to safety.

## JAP FLEET DEFEATED

NAVAL BATTLE SAID TO HAVE BEEN FOUGHT SOUTH OF FORMOSA ISLAND.

### VICTORY FOR ROJESTVENSKY

RUSSIAN ADMIRAL REPORTED TO HAVE BEATEN THE PEERLESS JAP COMMANDER.

Manila, May 25.—There is an unconfirmed rumor here that the Russian and Japanese fleets have met south of Formosa and that the Japanese were defeated.

### SQUADRONS IN THE PACIFIC.

Rojestvensky's Warships Are Keeping Away From Danger Zone.

St. Petersburg, May 25.—In naval circles it is now generally assumed that Vice Admiral Rojestvensky's squadrons are in the Pacific, steaming northward and giving the Pescadores, Formosa and the Luchu islands a wide berth in order to minimize the danger of a concentrated torpedo attack under cover of these islands, and to force Vice Admiral Togo, should he elect to accept battle, to meet him in the open.

All idea that the Russian admiral will attempt to force a passage of the Korean straits has been abandoned. Both the Poushe strait, between the islands of Hokkaido and Sakhalin, and the Tsugaru straits, between the islands of Hokkaido and Honshu, were reconnoitered by the cruisers and destroyers at Vladivostok and the results communicated to Admiral Rojestvensky before he left the coast of French Indo-China.

### IN THE BATAN STRAITS.

Steamer Is Stopped by a Russian Warship.

Nagasaki, May 25.—The captain of the steamer Oscar II. reports that on May 19, at 9 a. m., he was stopped in the Batan straits by a Russian warship. In the vicinity saw fourteen converted cruisers and six torpedo boat destroyers.

### LAND BATTLE EXPECTED.

Cossacks Badly Cut Up by the Jap Forces.

St. Petersburg, May 25.—The news from the front continues to point to the proximity of fighting on a large scale. Lieutenant General Linevitch sent Lieutenant General Rennenkampf's Cossacks on a daring expedition around Field Marshal Oyama's left. Rennenkampf succeeded in penetrating to the rear of the Japanese but paid dearly, his Cossacks being badly cut up.

Many believe that General Linevitch is trying to take the offensive out of Field Marshal Oyama's hands. The latter had made all preparations against the possible interruption of his communications and the cessation of the transport service from Japanese ports. All reinforcements available and immense quantities of provisions and munitions of war have been landed at Yinkow and Daini since Vice Admiral Rojestvensky appeared in the Straits of Malacca.

Newspaper correspondents at the front are prevented by the censor from telegraphing any intelligent view of the situation, and this has always been the precursor of important developments. General Linevitch has taken far greater precautions than did General Kuropatkin to prevent his plans leaking out.

### Demands Kuropatkin's Recall.

London, May 25.—The St. Petersburg correspondent of the Times says that Lieutenant General Linevitch has demanded the recall of General Kuropatkin.

### BOMB THROWN AT CARRIAGE.

Governor of Baku, Caucasus, Assassinated in Usual Manner.

Baku, Caucasus, May 25.—The governor of Baku, Prince Nakachidza, was assassinated at 3 p. m. by a bomb which was thrown at his carriage. A lieutenant who was accompanying the governor and a bystander were also killed by the explosion and the coachman is believed to have been fatally injured.

### JEWES ENGAGE IN GORY FIGHT.

Four Killed and Thirty Wounded at Warsaw.

Warsaw, May 25.—Four persons were killed and thirty wounded in a fight here at night between Jewish workmen and the Jewish keepers of disorderly houses. Both sides used knives. The dead and wounded were terribly mutilated. The quarrel is said to have originated at a wedding.

### EDITOR WILL NOT BE REMOVED.

General Assembly of Cumberland Church Opposes Such Action.

Fresno, Cal., May 25.—At the session of the general assembly of the Cumberland Presbyterian church during the day the committee on publication, to which was referred a resolution practically asking that the editor of the church paper be removed, reported that it found no facts to justify such a course. The report was adopted without debate.

The mission report was also adopted without debate except a mild complaint that the administration of the board cost too much. Reports on education and temperance followed.

The protest of the anti-unionists was filed at the afternoon session. It declared the belief of the protestants in the doctrines of the Cumberland Presbyterian church and that the revision of the Westminster confession was not a revision and that there is no doctrinal agreement between the two bodies. It affirmed that none of the steps taken had been constitutional; that there is no authority for the proposed union and that the plan proposed for union meant simply the adoption of the Cumberland Presbyterian church into the large body. It said that the Presbyterian church had not complied with the agreement to change its form of government and is not a unit in desiring union.

A resolution asking that Senator Smoot be not allowed to sit in the senate was adopted.

Decatur, Ill., was selected as the next place of meeting.

### PENSIONS FOR AGED PASTORS.

Presbyterian General Assembly Favors the Plan.

Winona Lake, Ind., May 25.—The general assembly of the Presbyterian church during the day heard and discussed the recommendations incorporated in the reports of the committees on foreign missions and Sabbath school work; appointed a committee to investigate and report upon the feasibility of the plan of Justice Harlan for the erection of a central Presbyterian cathedral at the national capital, and endorsed a project which proposes the collection of a permanent fund of \$10,000,000, the income from which is to be expended in annuities for aged ministers of the Presbyterian church and their families. The committee on sustenance was commissioned to undertake the work of establishing this fund.

The committee now has a permanent fund of nearly \$1,500,000 with which to begin operations. The remainder is to be raised among congregational organizations, gifts and a system of insurance, by which a minister by paying about \$24 a year for about thirty years may draw an annuity of \$500.

Des Moines, Ia., may be the next place at which the assembly will meet.

## SHOOTS SIX PERSONS

CALIFORNIA MAN ATTEMPTS TO MURDER HIS ENTIRE FAMILY AT ROSS VALLEY.

Ross Valley, Cal., May 25.—William Stephens during the day murdered his wife, shot his five children, three of whom died instantly, attempted to murder a passing milkman and then committed suicide.

Stephens, who was thirty-five years of age, was formerly a book agent, but of late was said to be connected with a rubber goods house of San Francisco. Shortly before noon Stephens emerged from the house, revolver in hand, and fired upon a passing milkman. The milkman whipped up his horses and Stephens pursued him for 200 yards, firing as he ran. Stephens then halted in the roadway, placed the revolver to his breast and discharged the weapon.

When neighbors and officers entered the home of Stephens they came upon a shocking scene. The members of the family, each with a revolver wound in the head, were found in their beds. The wife and three of the children were dead and it is believed that the two surviving children cannot live. The children are from one to eleven years of age. No reason for the tragedy is known.

### TEN BUILDINGS DESTROYED.

Five Persons Injured by Explosion in Fireworks Plant.

Rockland, Mass., May 25.—Ten one-story wooden buildings of the National Fireworks company's plant of sixty similar structures at West Hanover were destroyed during the afternoon by an explosion in the "mixing" room.

Of the 100 persons employed at the plant only one man, Arthur Cate, was severely, but not fatally injured, while four girls were slightly injured by being thrown to the ground by the shock of the explosion.

### Aid for Chicago Strikers.

Salt Lake City, May 25.—Resolutions pledging aid to the striking teamsters of Chicago were passed by the Western Federation of Miners in national convention here.

## PLAY WAITING GAME

NEITHER SIDE MAKES A MOVE TOWARDS PEACE IN THE CHICAGO STRIKE.

### REJECT DEMANDS OF UNION

EMPLOYERS INSIST UPON PRACTICALLY UNCONDITIONAL SURRENDER.

Chicago, May 25.—Final rejection of union demands, especially those of the express drivers, was officially announced during the day by the employers. They demanded practically unconditional surrender. Neither side in the strike made a direct step toward peace and each was apparently waiting the next move of its opponent. The employers sent their goods all over the city, under police protection, without encountering violence.

There was one peace effort made and it was enveloped in mystery. It was said that "a prominent business man" was making efforts to induce the managers of the express companies to make terms satisfactory to the striking drivers and that he had promised them "good news." Nothing came of the attempt, however, and there was no good news at night for either side.

The strike in the lumber district spread during the day with great rapidity and practically all business of that kind is at a standstill. Some few lumber yards are still in operation, but their volume of business is so small as to amount to practically nothing. A number of planing mills and sash and door factories were compelled to shorten operations and by Friday, at the latest, will be compelled to close entirely if the supply of lumber is not largely increased. The lumber yards made little effort to transact business and were waiting for drivers to be sent them by the Employers' Teaming company. A number of these, it is expected, will soon be at work and business will be resumed in a small degree at least.

### City Unable to Furnish Protection.

One cause for the lack of energy on the part of the employers in the lumber district was that the city was not able to afford them police protection. Mayor Dunne provided against this contingency at night by issuing a call for 1,000 extra policemen, who will be sworn in as rapidly as applications are filed by suitable men. This will be the second 1,000 of extra policemen sworn in since the commencement of the strike. Sheriff Barrett also swore in several hundred deputies, the largest number at any one time since the beginning of the trouble.

President C. P. Shea of the Teamsters' union, James B. Barry, business agent of the Express Drivers' union, Bernard Mulligan, president of the Express Drivers' union, and John A. Donahue, a member of the same union, will appear before Judge Kohlsaat in

### OFFICIALS TO BE DEPORTED.

Americans in the Employ of the Pere Marquette Road to Be Sent Home.

Detroit, May 25.—Railroad circles here were deeply stirred during the day by the news from St. Thomas, Ont., that Judge Winchester had ordered the deportation of some of the officials of the Pere Marquette railroad in Canada. The decision came as the result of an investigation into charges that the railroad had been following a policy of replacing residents of Canada and men of unquestioned competency with officials brought from the United States.

The officials affected are allowed time to arrange their affairs and for the railroad to carry an appeal to the government authorities at Ottawa. It is understood that steps have already been taken toward an appeal.

### BANK CLOSES ITS DOORS.

Institution at Canton, O., Forced to Shut Down.

Canton, O., May 25.—The Canton State bank, with individual deposits of more than \$600,000, closed its doors during the day. The directors state that the bank will not be able to resume business. The failure was brought about by heavy loans to W. L. Davis, vice president of the bank, by the cashier, Corwin B. Bachtell, without the consent of the other directors of the bank. More than \$100,000 has been given to Davis, for which no adequate security has been furnished to the bank. Davis has decided to the bank property valued at \$200,000. The city of Canton has \$75,000 on deposit in the bank. The Canton Y. M. C. A. and many schoolteachers were also depositors in the bank.

Many Pulajanes were killed. Two companies of the Twenty-first infantry will leave Catbalogan to reinforce the constabulary.

Desultory fighting continues in the islands south of Jolo. Major General Wood, who recently conducted a campaign against Moro outlaws, has arrived here.

## CLARK'S LATEST ROLE

Senator Bought Six Plants to Supply His New Mansion.

## HOW HE OUTWITTED CONTRACTORS

Montana Millionaire, Determined Not to Accede to Their Demands. Has His Own Quarry and Factories to Make Everything For New York Palace—Architect Hull's Brown Hair Grown Gray Since Work on Mansion Started.

Senator William A. Clark, the Montana copper king, has established a unique record in the construction of his mansion at Fifth avenue and Seventy-seventh street, New York.

Surprise was occasioned a few days ago when he purchased the Henry Bonnard Bronze company for the purpose of supplying his new mansion with bronze, says the New York World.

Now it has been discovered that the bronze foundry is but one of similar moves made by Senator Clark since ground was broken in 1898 for his Fifth avenue home. Here is a list of the plants bought by him to defeat the plans of contractors to bleed him:

Granite quarry at North Jay, Me. Stone finishing plant at Bangor, Me. Marble factory at Ravenswood, N. Y. Woodwork factory at Ravenswood, N. Y.

Decorative plaster plant at Ravenswood, N. Y.

Henry Bonnard bronze foundry, New York city.

The firm of architects employed by Senator Clark has established a new hard work record for the profession. Washington Hull, managing architect of the Clark mansion, had thick, curly hair when the work began; he is now gray.

The trouble for Senator Clark and his architects began when the Maine and New Hampshire Granite company gave notice of an advance on contract price. The firm had agreed to supply the white granite for the walls for \$200,000. The quarry people suddenly demanded \$650,000, claiming that alterations and additions to the plans for the mansion made the demand only fair.

Architect Hull was equal to the emergency. Anticipating possible trouble, he had employed agents who traveled through the Rangeley Lake quarries of Maine. So when the storm broke Mr. Hull knew that at North Jay, Me., there was a small unworked quarry of pure white granite that adjoined the quarries of the Maine and New Hampshire company. By some chance it had been overlooked by the big concern.

Sending the facts to the senator by cable, Architect Hull awaited the reply. It came fast, "Buy that quarry if possible."

Within twenty-four hours Architect Hull's agent was en route for North Jay. He returned with an option on the property. It is said that \$20,000 was the figure.

Great was the consternation of the Maine and New Hampshire company when notified by Senator Clark's representatives that not only was their demand for \$650,000 refused, but that the original contract for \$200,000 had been nullified by their failure to meet its requirements. Greater was their consternation when Architect Hull and 200 laborers took possession of the little quarry on the borders of their own property.

Hurrying back from Europe, the senator decided that no contractor should bleed him again. He decided to establish a stone dressing plant. Then he decided that as a million dollars' worth of bronzes were to be used the only way to successfully escape the extortion of contractors was to own a bronze foundry. The same agreement held good as to woodwork and decorative plaster, and the senator added these to the list.

Architect Hull became president and treasurer of the new company to operate the Henry Bonnard foundry, which made a bid for general business while it devoted the most of its energy to manufacturing supplies for the Clark mansion. The foundry promises to be the only survivor of the plants bought by the Montana millionaire. It has many contracts and promises to make real money for the senator.

The granite quarry has shut down, and the stone dressing plant at Portland is for sale. They have served their purpose in saving the senator \$500,000.

At the decorative marble, woodwork and plaster plants at Ravenswood, N. Y., the men understand the situation and work, or, rather, don't work, accordingly. Slow progress is being made. Architect Hull is distracted. When asked recently for the story in detail Architect Hull shook his head, pointed to his gray hairs and said:

"They were brown when we broke ground for the Clark mansion."

## A CHANGE ALL RIGHT

Fargo Forum Has Something Regarding the Proposed Change in the Train Schedule

The committee from the U. C. T. which in a large measure has been instrumental in securing an improved local service on the N. P. between Fargo, Jamestown and Mandan, especially along the lines of affording more convenient morning and evening trains in and out of Fargo, has learned that the new time schedule which will put the desired changes at the disposal of the traveling public will go into effect, Sunday, June 4; and the time of the Jamestown and Mandan locals will be as follows:

Train No. 5 will follow train No. 1, the west bound limited, out of Fargo fifteen minutes later, about 5:40 p. m., and will carry all local baggage as far as Jamestown. The Limited will accept no local baggage. No. 5 will run to Jamestown and No. 7 will run to Mandan. Returning train No. 6 will reach Fargo at 9:30 a. m., and the evening train No. 8 from Mandan will reach Fargo at 7:30 p. m., and it is expected to leave for the east same as usual, 9:40 p. m.—Fargo Forum.

## Side Talks by the Office Boy.

The difference between a man and a boy is that each thinks the other is having all the fun in life. I heard the old man get off a new one the other day.

He said, "Children are the coupons clipped from the bonds of matrimony." Did you ever stop to think that the merchants, the statesmen and the failures of the future are to be found among the office boys and the school boys of today? A poor kid who has to work day-times and go to night school has just as good a chance to be "President" as the fellow whose dad buys automobiles and yachts and things for him. I have no ambition to be president. I'd rather be like the old man and have a big store.

The trouble with starting a store myself, it takes years and years to build up a big business, and then you have to be so careful to buy only the most reliable goods. I wish all the merchants would get together and agree to sell only H. W. Linnemann's guaranteed goods. Everybody knows they are the best. Then, whatever store you happened into, you'd be sure to get a square deal. Our number is 616, Front street, Brainerd, Minn.

## MUSIC AND DRAMA.

"THE MOONSHINERS" TOMORROW.

The "Moonshiners" will be presented at the Brainerd opera house tomorrow night, Saturday night and Saturday afternoon at a matinee, at reduced prices. The night prices will be 35, 25 and 15 cents and the matinee 10 and 25 cents. This is one of the best moving picture shows that is on the road and it has made a big hit along the line. The story is beautifully told and is taken from the Blue Grass region of "Old Kentucky" told in moving pictures with the largest "Kinedrome" ever made, showing the desperate Moonshiners in their haunts and what desperate chances are taken by U. S. Revenue officers to capture them. It is safe to say that revenue officers seldom return with their prisoners. A Moonshiner does not hesitate a moment to kill a revenue spy. The "Moonshiner" is considered by Eastern critics as being the most sensational moving picture ever taken and presented to the public. The other offering on the bill is the brighter side of southern life entitled "The Chicken Thief" showing how the colored gentleman gets his sweet meat, which he calls chicken. First showing his successful raid on the white folks' hen house and then on his return a few nights later for some more sweet meat he puts his foot in a big bear trap kindly set for his benefit.

## WRESTLING MATCH GOOD EXHIBITION

Carl Mattsson Bests Martin Johnson, of Duluth, at Gardner Hall Last Night

A LARGE CROWD PRESENT

Gentlemen Were Evenly Matched but Mattsson by Hard Work Did the Business.

The finest athletic exhibition ever seen in Brainerd was witnessed last night in Gardner hall when Carl Mattsson, of Minneapolis, and Martin Johnson, the fireman wrestler of Duluth, engaged in a wrestling match and the sports of the city were in their elements. Both men have reputations as good wrestlers and their weight is nearly the same, Mattsson being slightly the heavier of the two. Mattsson won the match in three straight falls.

The first fall was secured with a further arm and lock scissors hold, but it took Mattsson 18 minutes and 35 seconds to turn the trick. The second fall was secured with a double arm lock and the time was 12 minutes and 30 seconds. The third fall was secured by the use of a scissors and arm lock and this was secured in 8 minutes and 35 seconds.

Both men fought desperately and although Johnson lost the match he is one of the cleverest men ever seen on a mat in this city. Mattsson naturally won new friends and admirers and any time either one of these gentlemen go into a match here they will be given a rousing reception. B. A. Shores refereed the match.

There was a lot of fun during the preliminaries. Al Mattson, of this city, got two straight falls on E. Nyland in quicker time than it would take to say "Jack Robinson."

The real hot event was when Stone and Grant got together. Stone is a big Finn, strong as a bull and as heavy as the hammer of a pile driver. Grant is also big and fat and the two rolled around like a couple of bears for a time until Grant secured a fall. Stone got the second fall and Grant the third.

Decoration Day you will have to have a new suit for your boy. We received a new assortment yesterday to sell for \$1.50 to \$3.00. These are splendid values in fact better than most suits sold at higher prices. Remember we give saving stamps.

## HIBERNIANS' BIG CLASS

Sixteen New Members Initiated into the A. O. H. Last Night—Banquet Followed Work.

There was a very interesting session of the A. O. H. last night in their hall in the Columbian block. The event was made a memorable one in Hibernian circles from the fact that one of the largest classes of candidates was initiated since the organization of the order in this city. Sixteen young men were installed as members as follows: Frank McBride, Timothy Dwyer, J. M. Taylor, Bert O'Brien, P. J. Boyle, J. P. McGinnis, Geo. McCleary, F. A. Murphy, D. F. Cassidy, M. J. Enright, James Maloney, Thos. Cosgrove Jr., Thos. Finley Jr., James H. O'Brien and Earl Hawley, all of Brainerd, and C. W. A. Flynn, of Staples.

Following the work there was a sumptuous banquet and smoke social which was thoroughly enjoyed.

## KELLY POUNDED OUT OF THE BOX

Crookston Turned the Tables on the St. Brains in the Game Yesterday.

Crookston, Minn., May 25.—Crookston turned the tables on the St. Brains yesterday, pounding Kelly out of the box in the fifth, when he was replaced by Nehr. Schlatter started the fire-works with the first home run of the season and later made two singles. Mullin pitched the first game for Crookston and gave the visitors six scattered hits. The score:

## TWELVE MEN INDICTED.

Accused of Manslaughter in Connection With Union Man's Death.

Chicago, May 24.—The grand jury during the day indicted twelve men in connection with the death of Charles Carlstrom, the member of the Carriage Makers' union who died as the result of the beating he received at the hands of thugs. These thugs, according to their own story, were hired by officials of the union. The indicted men are George Meiler, formerly president of the union; Henry J. Neuman, secretary; Charles J. Casey, business agent; six members of the executive committee of the union, and Charles Gilhooly, Marcus Looney and Edward Feeley.

The indictments charge manslaughter and conspiracy to commit great bodily injury, the autopsy having shown that the death of Carlstrom was due directly to pneumonia.

GIRL CONFESSES TO CRIME.

Admits That She Killed a Little Baby at Toronto, Can.

Toronto, Ont., May 22.—Josephine Carr, a thirteen-year-old girl, has confessed to the murder of William Murray, a nine-months-old infant that she has been in the habit of stealing baby carriages from the front of a department store while the parents were inside shopping. The police have recovered several of these carriages, which had been sold to neighbors. Last Friday the girl went to a department store and found a baby in each carriage in front of the store. So she picked out the best looking baby carriage of the lot, which contained the Murray child, and made off with it. She took the child to the woods near her home at the east end of the city and stripping it of its clothing, threw it over an embankment and caused its death. Later she placed the body in a culvert and buried the clothing. On Saturday she made the announcement that had "discovered" the child's body in the culvert. Suspicion immediately fell upon the girl, and when accused of the crime, she made a confession. The girl claimed that she got the plan of killing the child from seeing a play at a local theater.

## BOLD ROBBERY

## AT PILLAGER

Masked Men Enter Home of John Olson and Order Him to the Cellar

WHILE THEY RANSACKED HOUSE

Burglars Got Away With \$20 in Money and a Large Amount of Jewelry, etc.

There was a bold robbery at Pillager Tuesday night in which masked men figured conspicuously and made the head of the house dance to their music in great style for a few minutes. The men entered the home of John Olson and got him out of bed. He was ordered to go down cellar and decided to follow their advice when he saw two guns stuck in his face. While one man stood guard over him, another man ransacked the house. They secured about \$20 in money and also a quantity of jewelry and cutlery.

Sheriff Hardy was in the city today and said that nine different men had been arrested as suspects and are being held for examination. Two men who were detained at Sylvan, thought to have been implicated, were discharged this morning as they proved to the satisfaction of the officers they had nothing to do with the burglary.

## Irrigation Is Ancient.

The practice of irrigation is very ancient, water having been stored and distributed in this way in Egypt as early as 2000 B. C. Persia, India, Ceylon, China, as well as Peru and Mexico, also had irrigation works ages ago. Even in Arizona remains of ancient irrigation works can be found, which suggest that that section of the desert may have been compelled by men to "blossom as the rose" many hundreds of years ago.

## COSTELLO AND SMYTH AGAIN IN OFFICE BY VIRTUE OF LEGAL PROCEEDINGS.

Philadelphia, May 25.—The gas lease fight was carried into the courts during the day and, in consequence, the two directors appointed by Mayor Weaver Tuesday evening are out of office and the directors who were dismissed have again taken up the duties of their positions. Late in the day Mayor Weaver, accompanied by Former Judge James Jay Gordon, went to New York for consultation with Elihu Root, the mayor's special counsel. What the next move will be cannot be foreshadowed.

The leaders of the Republican organization announce that their lines remain unbroken, that the gas lease will be passed over the mayor's veto next week and that the lease will be put into operation.

It was another exciting day at city hall, the storm center of the controversy. Events moved rapidly and the great army of officeholders and citizens who were gathered on the political "Rialto" seeking information, were not kept long in suspense as to what would be the next move. The city employees felt much relieved as the day wore on to learn that the mayor had taken no further action with regard to the removal of other heads of departments or of bureau chiefs. The return to office of the ousted chiefs also gave them more confidence.

### Chief Event of the Day.

The chief event of the day was the appearance before Judge Robert Ralston in common pleas court No. 5, of attorneys for Peter E. Costello and David J. Smyth, the dismissed directors, who applied for a preliminary injunction against the mayor and A. Lincoln Acker and Sheldon Potter, their successors in office, restraining Messrs. Acker and Potter from assuming the duties of their respective offices and restraining the mayor and all other city employees from aiding them in carrying out such intentions. Judge Ralston granted a temporary restraining order and fixed next Monday morning as the time for the hearing.

As soon as the mayor's advisors had learned of the action of the county court, they prepared to take the case to the state supreme court.

The directors were in office about 10 o'clock. The mayor, to say for public consumption, the injunction, he said:

"I am still the mayor of the city and I mean to exercise all the rights of my office. The injunction cannot prevent me doing my duty."

The mayor has ordered that matters pertaining to the duties of the two departments requiring immediate action be brought to his office at once, thereby assuming personal charge of those branches of the city government pending the outcome of the legal complications.

The leaders of the organization were in conference all day and conferences were held at night. One of the most important gatherings of the day was that held in the office of United States Senator Penrose, where State Insurance Commissioner Israel W. Durham, the Republican organization leader, met all the ward leaders, who assured him of their support. The organization appears confident of victory.

### WOMAN FATALLY BURNED.

#### Explosion Follows Attempt to Start Fire With Oil.

St. James, Minn., May 25.—Mrs. Floyd Hall was so seriously burned during the afternoon that hope for her recovery is very small. She was building the kitchen fire with kerosene and was pouring the fluid over the hot ashes and coals in the stove. This created a gas, which exploded.

In her excitement she dropped the can and the kerosene was poured over her skirt and feet. This also caught fire and she ran screaming from the house a mass of flame.

Neighbors ran to her assistance, but before they could tear away the burning clothing she was fatally burned.

### ONE KILLED AND SEVEN INJURED.

#### Passenger Train Collides With a Bunch of Freight Cars.

Hutchinson, Kan., May 25.—Santa Fe passenger train No. 558 north-bound, on the Hutchinson branch, collided with a bunch of freight cars here late in the afternoon on account of an open switch. Mail Clerk C. D. Wolf of Kansas City was killed. Engineer John Snyder and Fireman A. C. Vaughan, who jumped, received probably fatal injuries. Five others were slightly hurt.

### Third Trial of Dr. Koch.

New Ulm, Minn., May 25.—The county commissioners have granted all the requests of Prosecuting Attorney Childs for funds, etc., with which to prosecute the third trial of Dr. George R. Koch, accused of killing Dr. L. A. Gebhardt, to be held at Mankato on July 6.

### BETWEEN HARRIMAN AND HILL.

#### Final Settlement of Northern Pacific Trouble Arranged.

New York, May 25.—Announcement was made from an official source during the day that a final settlement of all the difficulties growing out of the old corner in Northern Pacific Railway company stock had been reached and that henceforth there would be harmony between the Hill and Harriman forces. It is said that the details of the harmony agreement were worked out at a conference held between the representatives of the various interests involved and of which also some of the principals, including E. H. Harriman, were present.

The deal is said to be in the form of joint agreement between the Union Pacific and Northern Pacific Railway companies for the construction of a connecting road between the Union Pacific and Northern Pacific in the Clearwater district, to be operated jointly by the two companies.

There was a pronounced advance in the Northern Securities group of stocks during the day, as well as a rise in the Union Pacific and Harriman stocks.

### Asks Heavy Damages.

New York, May 25.—Damages aggregating \$250,000 as compensation for alleged breach of promise of marriage, are asked by Mrs. Katherine Poillon, in a suit against W. Gould Brokaw, the millionaire clubman, which was begun in the supreme court here during the day.

### SECRETARY TAFT PRESIDING.

#### Republican State Convention of Ohio in Session.

Columbus, O., May 25.—Although the opening session of the Republican state convention was of a very routine character, consisting chiefly of the announcement of the committees and state committeemen, whom the district delegations had chosen earlier in the day, the fact that Secretary of War Taft, the temporary chairman, was to make his debut in his native state as a state convention orator served to draw a large and very attentive audience. His appearance in the hall was the signal for applause and when he was introduced as temporary presiding officer the applause was long continued. During the reading of his speech hearty applause was given to the mention of President Roosevelt and the president's administration.

The committee on permanent organization decided to recommend that the temporary organization be made permanent and Secretary Taft will preside over the remaining deliberations of the convention.

### FORM NATIONAL ORGANIZATION.

#### Professional Bodies Plan to Carry Out Liberal Propaganda.

St. Petersburg, May 25.—Professional bodies throughout Russia have now succeeded in perfecting a general national organization for the carrying out of the Liberal propaganda, the first steps in connection with which were taken by the congress of lawyers here. The scope of the organization has been widened and it now embraces besides lawyers, doctors, engineers and other professional men, Polish, Jewish and other racial organizations. Headquarters of the "league of leagues" has been established at Moscow.

### LOST

I received a certificate of deposit from the First National Bank of Brainerd for \$4,000 numbered 43,203, dated May 12th, 1905, due in six months. I lost it the same day I received it between the court house and said bank or on Front street. By returning said certificate of deposit to me or the First National bank, the finder will be liberally rewarded.

# Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c. a box at all dealers, or DR. A. W. CHASE MEDICINE CO., Buffalo, N. Y.
